## LED Light Bulbs E27-ZMLED1

Turn any household lamp into a low cost, high-tech marvel by installing our ZMLED/E27 LED Light Bulb. This ultra-bright light bulb shares the energy efficiency of the ZMLED/E27 Light Bulb and casts a broader array of light. Available in 120 volt and 230 volt models, while the former is particularly well suited for reading. It works well with dimmer switches.
